

Landquip

Demount Sprayers for Multidrive

Landquip demounts are available with Alu-light bi-fold booms at 18, 20, and 24 metre widths that fold and spray at 12 metres, all of which have hydraulic tilt as standard. Fully approved by *Multidrive*, they offer the very best weight distribution of any demount available. The spray pump and chemical bowl are fitted to the sprayer chassis, making demounting possible in no more than 10 minutes.

Landquip demounts are fitted with Alu-light booms, offering their well-proven and accepted features experienced by farmers over the last 20 years. These booms give an incredible in-field performance due to their unique suspension and levelling systems, allowing accurate performance at speeds up to 20 kph.

A 36 metre tri-fold boom demount with up to 5000 litre capacity is available on the 4.2 metre wheel base *Multidrive*

Multidrive equipped with 24m LR Alu-light boom, 3500 ltr stainless tank, and *Airtec*
