

Heavy duty steering axle equipped with high capacity quadruple airbag suspension system

### Spraying Made Easy

### Genius Electronics

- CanBus data transmitted by 1 single cable
- GPS or wheel sensor speed control
- Precision rate control
- Multi-data information screen, speed, rate
- 100 field memories
- Integral sequential switching up to 20 sections

### Options:-

- Headland assist
- Electronic tank contents
- Gemini electronic read-out at fill station
- Tank fill audible warning
- SpraySat auto multi-section switching
- USB downloading port
- Variable rate control
- Guidance screen

### Commando Electronics

- CanBus electro-hydraulic controls
- CanBus twin ram axle steering

# Landquip Trailblazer

5000, 6000 or 7000 litres  
24 to 42 metre Alu-light Booms  
Air Suspended Steering Axle

# Trailblazer The Ultimate High Capacity Trailed

**Electronic Twin Ram Steering Axle**  
**Quadruple Airbag Axle Suspension**

Perfect tracking  
Large diameter easy to pull wheels  
72" to 80" track width  
32" clearance  
Superbly engineered heavy duty  
chassis & steering system

## Booms

Tried and tested Alu-light booms (up to 42 metres) equipped with stainless steel spray lines with either semi recirculation or *Poziflow* continuous recirculation and air on/off.

Multi-head 360° nozzle bodies carry up to 5 ceramic, high pressure, low drift tips - or Umbrella fertiliser jets.

7000 litre  
40m Alu-light boom  
700 l/min spray pump

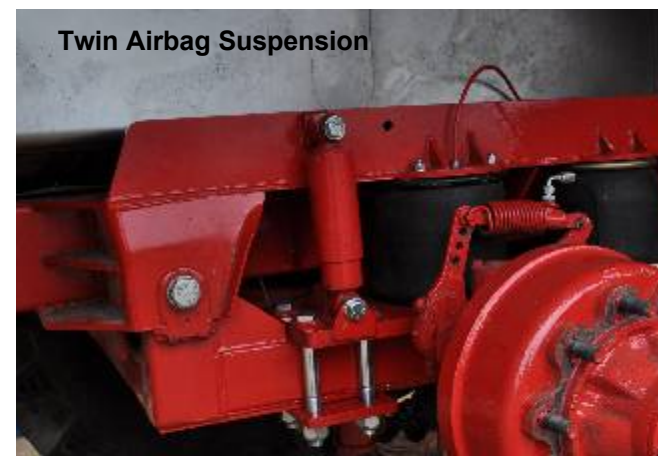

## Standard equipment includes:-

- 5000, 6000 or 7000 litre low centre of gravity stainless baffled tanks, with efficient drain sump
- High lift roller height mast
- 24m to 42m Alu-light booms
- Trapezium self levelling
- Patented hydraulic anti-yaw
- Stainless steel 50 ltr chemical bowl with twin can wash system

## Optional:-

- Air brakes

Twin Airbag Suspension

## Spray Pumps

Hydraulically driven 700 or 1300 l/min. high pressure, self priming centrifugal  
Or, 500 l/min. 8 cyl piston diaphragm

PTO driven options include the above 500 and 1300 l/min. pumps

500 l/min spray pump
